

# pre-fab divider

a pre-fab stand-alone solution

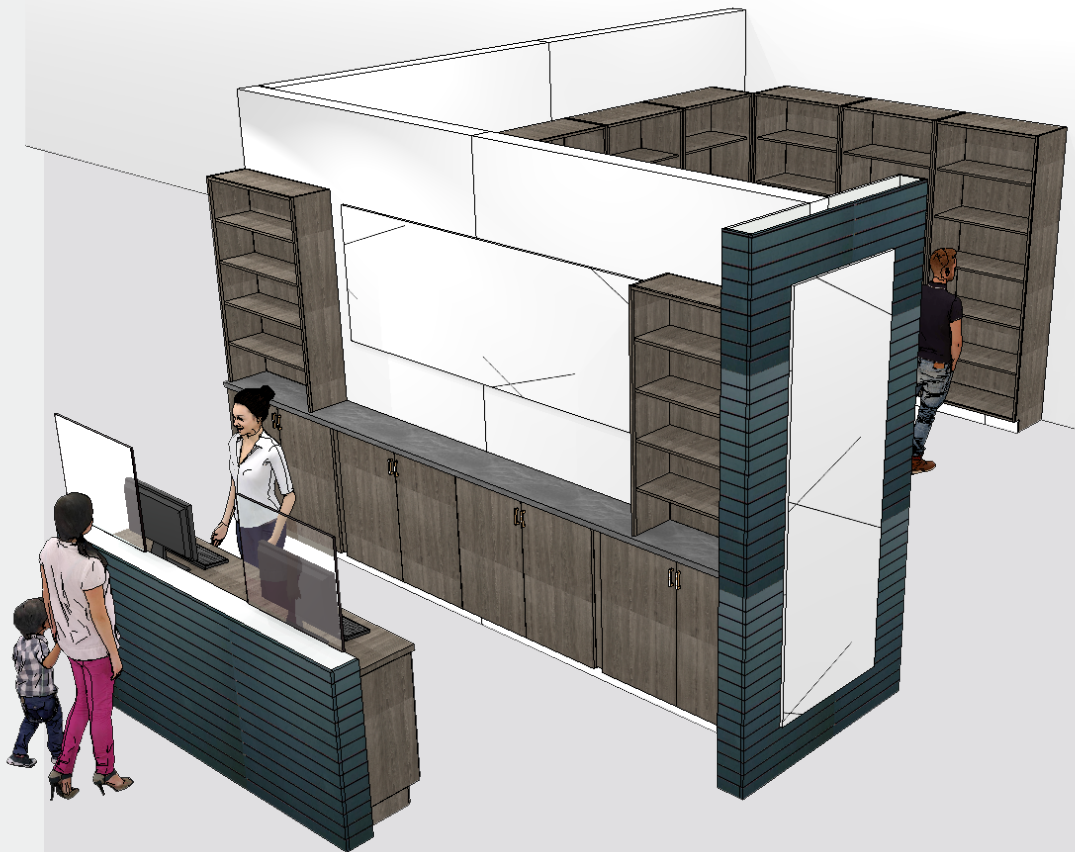

**Change how you create new spaces and add storage.** Easily increase efficiency of your floorplans with our modular dividers, while maximizing sales opportunities and managing overflow of your high-volume items.

## benefits of PRE-FAB DIVIDER

### display + divider + pick-up + storage

- + define feature space, pop-up, or store within a store
- + maintain fixture consistency for all store locations
- + increase the efficiency of existing floor plans
- + designate area for product pick-up
- + provide navigation for customers
- + showcase specialty products
- + secure product storage
- + uses modular components
- + simplify installs

**Secure a space for large ticket items close to the action.** Having your product just around the corner saves you time while providing convenience for your customers. The Pre-fab Divider is the perfect pop-up option for your rapidly changing service needs.
