

# pre-fab stand-alone solutions

## retail modular vignettes

**revolv+ is introducing a game changer for retail.** Removing the heavy costs associated with remodeling entire sections of the store, revolv+ innovative wall systems are a perfect fit for any size footprint as these stand-alone solutions are designed with change and flexibility in mind.

### 01 PRE-FAB SYSTEM

Our transitional solutions are quickly manufactured off-site at our state-of-the-art facilities, delivered and installed wherever needed. They are designed to be relocated and reconfigured to create maximum space efficiency.

### 02 OVERFLOW STORAGE

Understocked stores are "missed sales" when manufacturers are hard pressed to deliver products timely during unforeseen events. This secure solution creates essential overflow for your major brands or displays for easy access at front of store.

### 03 PICK-UP OPTIONS

Online orders are safe and simple for staff & customers, but many times staff is overwhelmed by volume. These stand-alone vignettes create an easy, safe and efficient pick-up solution, or even a second customer service option.

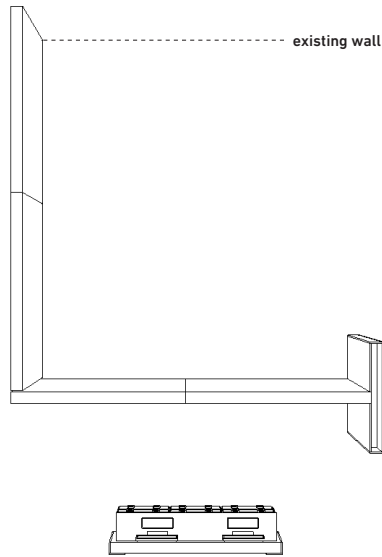

**pre-fab stand-alone solutions are completely customizable**
